2013 Annual Report-Land Conservation Department

The Land Conservation Department (LCD) and Land Conservation Committee (LCC) assist landowners to improve and protect the natural resources of Richland County. The Land Conservation Department and Committee work with other government agencies and conservation groups to achieve this goal. They include UW-Extension, Natural **Resources Conservation Service** (NRCS), Department of Natural Resources (DNR), Department of Agricultural, Trade and Consumer Protection (DATCP),, Farm Service Agency (FSA) and Trout Unlimited. The LCD and NRCS field office work hard to provide a seamless delivery of programs. Much of the work that is reported in this annual report is completed in conjuncion with NRCS field office staff.

Conservation Farmer Award winners, Sue and Joe Triggs.

Mill Creek Watershed

- $\Rightarrow \ \, {\rm Completed} \ \, {\rm Annual} \ \, {\rm Inspection}$
- \Rightarrow Removed brush from dams
- \Rightarrow Painted risers

Wildlife Damage

- \Rightarrow Administered program
- \Rightarrow Contracted for Technical Assistance

Farmland Preservation

- ⇒ Assisted landowners in completing new agreement applications
- $\Rightarrow \mbox{ Mailed 455 self-certification post-cards} \\$
- \Rightarrow Completed 100 status reviews

Manure Storage Ordinance

 \Rightarrow 3 Manure Storage permits issued

Land & Water Resource Management

\Rightarrow Grassed Waterway

- \Rightarrow Well Abandonment
- \Rightarrow Streambank Protection
- \Rightarrow Spring Development
- \Rightarrow Nutrient Management Plans
- \Rightarrow Grade Stabilization Structure
- \Rightarrow Access Road

Tree Sales

 \Rightarrow 49 landowners ordered 5525 trees

Educational Activities
