2019 Annual Report

RICHLAND COUNTY LAND CONSERVATION DEPARTMENT

2019 ANNUAL REPORT— LAND CONSERVATION DEPARTMENT

The Land Conservation Department (LCD) and Land Conservation Committee (LCC) assist landowners to improve and protect the natural resources of Richland County. The Land Conservation Department and Committee work with other government agencies and conservation groups to achieve this goal. They include UW-Extension, Natural Resources Conservation Service (NRCS), Department of Natural Resources (DNR), Department of Agricultural, Trade and Consumer Protection (DATCP) and Trout Unlimited. The LCD works hard to provide a seamless delivery of programs.

SHERI SCOTT
FORESTRY IMPROVEMENT AWARD
